# FEEDBACK

## Teaching and Learning Outcomes

During the semester the following feedback is also obtained from every student ,on the effectiveness of teachers' delivery of the syllabus, in the following seven questions computerised format.

1. Does your teacher come well prepared to the class?
2. Does the lecture provide conceptual clarity?
3. If the course involves primarily descriptive topics,. Whether explanation of the principles, linking the concepts and ideas with real life applications through case studies and demonstration by the faculty are adequate ?
4. Does your teacher provide more information than the text book content?
5. Is the voice of your teacher clear and audible?
6.How are the communication skills of the faculty member?
7. Does your teacher hold the attention of all the students in the class?

The answers are obtained in a 5 point scale for each question and the average feedback for the seven questions from each student is calculated out of 5 points. Then for each teacher, the overall average points, considering the average from all the students of the class, is taken. The teachers securing less than 3.0 points are called by the respective HOD and Principal and counseled for their performance improvement.

## FEEDBACK POLICY ON CURRICULUM AND SYLLABI

Rajalakshmi Engineering College (REC) believes that the performance of the institution is enhanced by strengthening the effective learning outcomes. To achieve this, a good feedback mechanism is essential for the growth of the institution. Hence, the REC uses a policy to collect feedback forms from different stakeholders to analyse the performance on different aspects of the teaching learning process. The feedback from various stakeholders (Students, Faculty, Alumni and Employers) was collected whenever a major revision in the curriculum and syllabus was done. Apart from this, feedback is also collected from the stakeholders to incorporate minor changes in the curriculum if necessary.

### Process of Feedback collection and analysis:

1. Feedback forms related to the curriculum and syllabi were collected manually and in later stage Google forms are used by the departments.
2. Questionnaires were framed by the individual departments related to the curriculum design, order of subject in the curriculum and syllabus content.
3. After the collection of feedback from the stakeholders within the timeframe, analysis was made category wise and the same was discussed and reviewed by the Head of the Department. From the analysis, suggestions for improvement if any is carried out in the upcoming BoS meeting.
4. The minimum target for the achievement is 80% and above, otherwise the corrective action was taken as discussed in point 3.
5. Each action taken is documented in the department with the approval from IQAC and Head of the Institution.
6. Feedback Analysis and Action taken reports are made available on the college website.

File No. 33-85/2010-NBA

Date: 16-08-2022

To,  
The Principal  
Rajalakshmi Engineering College,  
Rajalakshmi Nagar Thandalam,  
Chennai- 602 105, Tamil Nadu

**Subject: Accreditation status of programs applied by Rajalakshmi Engineering College, Rajalakshmi Nagar Thandalam, Chennai- 602 105, Tamil Nadu.**

Sir,

This has reference to your application I.D. No. 6125-30/11/2021 seeking accreditation by National Board of Accreditation to the UG Engineering and PG Engineering programs offered by **Rajalakshmi Engineering College, Rajalakshmi Nagar Thandalam, Chennai- 602 105, Tamil Nadu.**

2. An Expert Team conducted onsite evaluation of the programs from **10<sup>th</sup> to 12<sup>nd</sup> June, 2022**. The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The Competent Authority in NBA has approved the following accreditation status to the programs as given in the table below:

Sl. No.	Name of the Program(s)	Level	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)	(7)
1.	Biomedical Engineering	UG	Tier – I January 2016 Document	Accredited	Academic Years 2022-2023 to 2024-2025 i.e. upto 30-06-2025	Accreditation status granted is valid for the period indicated in Col.6 or till the program has the approval of the Competent Authority, whichever is earlier
2.	Electrical & Electronics Engineering	UG		Accredited		
3.	Information Technology	UG		Accredited		
4.	Mechatronics Engineering	UG		Accredited		
5.	Biotechnology	PG	May, 2017 Document	Accredited		

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. In case of the UG Engineering programs which have been granted accreditation for 3 years, **Rajalakshmi Engineering College, Rajalakshmi Nagar Thandalam, Chennai- 602 105, Tamil Nadu** should submit the Compliance Report for these programs at least six months before the expiry of validity of accreditation mentioned above so as to be eligible for consideration by the concerned Committee in NBA for further processing of the accreditation status.

Contd./\_

5. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to **Rajalakshmi Engineering College, Rajalakshmi Nagar Thandalam, Chennai- 602 105, Tamil Nadu** as a whole. **As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously.** Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

6. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.

7. The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.

8. A copy each of the Report of Chairman of the Visiting Team and Evaluators' Reports in respect of the above programs is enclosed.

9. If the Institute is not satisfied with the decision of NBA, it may appeal within thirty days of receipt of this communication giving reasons for the same and by paying the requisite fee.

Yours faithfully,

(Dr. Anil Kumar Nassa)  
Member Secretary

Date 17-06-2022

To  
The Principal  
Rajalakshmi Engineering College,  
Rajalakshmi Nagar Thandalam,  
Chennai- 602 105, Tamil Nadu

**Subject: Further accreditation status on the basis of Compliance Report of the programs in Tier-II offered by Rajalakshmi Engineering College, Rajalakshmi Nagar Thandalam, Chennai- 602 105, Tamil Nadu.**

Sir,

This is regarding Compliance Report submitted by **Rajalakshmi Engineering College, Rajalakshmi Nagar Thandalam, Chennai- 602 105, Tamil Nadu** for the UG Engineering programs which were accredited by NBA in Tier-II for academic years 2019-20 to 2021-22 whose validity of accreditation would expire on 30.06.2022.

2. An Expert Team conducted data verification of the programs on 15<sup>th</sup> May, 2022. The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The Competent Authority in NBA has approved the following accreditation status to the programs as given in the table below:

Sl. No	Name of the Program(s) (UG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Civil Engineering	Tier-II June 2015 Document	Accredited	Academic Years 2022-2023 to 2024-2025 i.e. upto 30-06-2025	Accreditation status granted is valid for the period indicated in Col.5 or till the program has the approval of the Competent Authority, whichever is earlier
2.	Electronics & Communication Engineering		Accredited		

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The programs have been granted accreditation for further 3 years. **Rajalakshmi Engineering College, Rajalakshmi Nagar Thandalam, Chennai- 602 105, Tamil Nadu** should submit fresh online application through eNBA portal at least five months before the expiry of validity of accreditation mentioned above.

5. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to **Rajalakshmi Engineering College, Rajalakshmi Nagar Thandalam, Chennai- 602 105, Tamil Nadu** as a whole. **As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously.** Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

6. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.

Contd./...

7. The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.

8. A copy each of Report of the Visiting Team in respect of the above programs is enclosed.

## Short Report on the Seminar

A NAAC sponsored National Seminar titled "Qualitative and Quantitative Metrics in Revised Assessment and Accreditation Framework (RAAF) of National Assessment and Accreditation Council (NAAC)" was organized online by Rajalakshmi Engineering College, Chennai on Friday (17<sup>th</sup> September 2021). The primary objective of the seminar is to bring in better understanding of RAAF and providing detailed information about the qualitative and quantitative metrics measured during assessment. The seminar provided a platform for more than 1500 delegates mostly higher education professionals from 18 states across the country.

Dr.S.N.Murugesan, Principal, Rajalakshmi Engineering College delivered welcome address. Dr.V.Murali Bhaskar, Dean-Academics spoke about the highlights of the college. In the inaugural address, Dr.(Mrs.) Thangam Meganathan, Chairperson, Rajalakshmi Institutions spoke about the significance of quality and the need for accreditations for all stakeholders. She also brought to limelight students going abroad for study purpose which can be avoided/reduced if the quality of education enhances. Four plenary talks by experts from various domains were conducted.

Dr.Priya Narayanan, Assistant Adviser, NAAC spoke about the process of Data Verification and Validation (DVV). She gave insights about the various metrics involved in the quality accreditation process. In her elaborate and detailed session, she brought

to limelight the importance of providing accurate data for the process and necessary documents.

Dr. Sheela Ramachandran, Pro-Chancellor, Atmiya University, Gujarat handled two sessions and spoke about the significance of qualitative and quantitative metrics in RAAF. Through her comprehensive talk on both the metrics, she took the participants for a quick walk-through on all the criteria. She helped the participants visualize the importance of all criteria from different dimensions. She also facilitated the understanding of different criteria that needs to be focused on while preparing documents during various stages of the accreditation process.

Dr. Shivaprakash, Professor, Department of Instrumentation and Applied Physics, Indian Institute of Science (IISc), Bengaluru addressed the participants on the academic excellence gained through accreditation. In this post-lunch session he elaborated on the gaps between the Indian institutions and counterparts abroad and insisted on the need of delivering quality education to the students. He also explained on the importance of technology and innovation in academic excellence.

Dr. C.R. Muthukrishnan, Former Deputy Director, IIT Madras and Advisor, Rajalakshmi Institutions, delivered the valedictory address specifying the importance of quality. He also emphasized on the significance and impact accreditations create.

The seminar came to a close with the participants sharing their feedback on the sessions. Dr. V. Prasannakumar, Coordinator-IQAC, Rajalakshmi Engineering College and Convenor for this program proposed the vote of thanks which was followed by National Anthem. Overall the sessions were power packed and gave much clarifications needed for the preparation of educational institutions for NAAC accreditation.

The seminar had very good response with 1634 registrations from 18 States and Union Territories across the country. Of these, 343 participants are from States other than Tamil Nadu.

### LETTER OF APPRECIATION

Dear Madam,

Thank you very much for presenting an informative & thought provoking lecture as Guest Speaker on "Developing Professional Attributes for OBE Curriculum" in AICTE-ISTE Sponsored Six days Induction/Refresher program entitled "Hybrid Learning for Education 5.0" which was held on 21.12.2021 at Excel Engineering College through online mode. It was really a splendid presentation which exposed faculty to the field practices. All the participants appreciated and got benefited from your views on the above topic. Looking forward of your cooperation in future.
