## ABOUT THE COLLEGE

Rajalakshmi Engineering College, an autonomous institution affiliated to Anna University, Chennai, was established in the year 1997 under the aegis of Rajalakshmi Educational Trust, whose members have had consummate experience in the fields of education and industry. The College has grown from strength to strength in the last 25 years and progressing towards Excellence in Engineering Education, Research and Development. Started in 1997, with 3 Under Graduate programmes in Engineering with an annual Intake of 180 students, the College presently offers 18 Under Graduate and 9 Post Graduate programmes, with an annual Intake of more than 2000 students.

The approval of AICTE and affiliation of the Anna University for such a progressive intake is a standing testimony for the continuous growth of the college over the years. 9 of our Departments are recognised as Research Centres of Anna University to conduct Ph.D. programme and many scholars have obtained Ph.D. through these research centres. Ours is one among the few Colleges to receive accreditation for eleven Under Graduate programmes and one Post Graduate programme from the National Board of Accreditation (NBA), New Delhi, as soon as attaining the eligibility to apply for accreditation. The College is accredited by the National Assessment and Accreditation Council (NAAC) with 'A' Grade. All these achievements have resulted in REC securing 95<sup>th</sup> ranking in the National Institutional Ranking Framework (NIRF) of MHRD and top ranking by several other ranking agencies leading to national reputation. The college has also secured 12(b) status from UGC. Anna University, Chennai has granted Permanent Affiliation for 10 UG and 4 PG programmes. The Department of Scientific and Industrial Research (DSIR), Government of India has recognised the College as a Scientific and Industrial Research Organisation (SIRO), considering its potential for Research and Development activities.

**Vision:**

To be an institution of excellence in Engineering, Technology and Management Education & Research. To provide competent and ethical professionals with a concern for society.

**Mission:**

To impart quality technical education imbued with proficiency and humane values. To provide right ambience and opportunities for the students to develop into creative, talented and globally competent professionals. To promote research and development in technology and management for the benefit of the society.
