12. **AWARD OF LETTER GRADES**

12.1 The award of letter grades will be decided based on relative grading principle. The marks of those students who have passed only shall be inputted in the software developed for relative grading. The evolved relative grading method normalizes the results data and computes the grade range for each course separately and awards the grade to each student.

For a given course, if the students’ strength is greater than 30, the relative grading method shall be adopted. However, if the students’ strength is less than 30 then the fixed grading shall be followed with the grade range as specified below.

A student is deemed to have passed and acquired the corresponding credits in a particular course if he/she obtains any one of the following grades: “O”, “A+”, “A”, “B+”, “B”, “C”. “SA” denotes shortage of attendance and hence prevented from writing the end semester examinations. “SA” will appear only in the result sheet.

“U” denotes that the student has failed to pass in that course. “WD” denotes withdrawal from the exam for the particular course. The grades U and WD will figure both in the Grade Sheet as well as in the Result Sheet. In both cases, the student has to appear for the End Semester Examinations.

13. GPA and CGPA Calculation and Grade Sheet

13.1 After results are declared, Grade Sheets will be issued to each student which will contain the following details:

- The Name of the college and affiliating university.
- The list of courses enrolled during the semester and the grades scored.
- The Grade Point Average (GPA) for the semester.
- The Cumulative Grade Point Average (CGPA) of all courses enrolled from first semester onwards.
• Details of grades of supplementary exam.

GPA for a semester is the ratio of the sum of the products of the number of credits for courses acquired and the corresponding points to the sum of the number of credits for the courses assigned in the semester.

CGPA will be calculated in a similar manner, considering all the courses registered from first semester. RA grades will be excluded for calculating GPA and CGPA.

\[
GPA = \frac{\sum_{i=1}^{n} C_i \times GP_i}{\sum_{i=1}^{n} C_i}
\]

Where \(c_i\) - is the Credits assigned to the course

\(GP_i\) - is the grade point corresponding to the letter grade obtained in that course

\(n\) - is number of Courses successfully cleared during the particular semester in the case of GPA and during all the semesters in the case of CGPA.

13.2 The credits earned through value added courses shall not be considered for calculating GPA and CGPA.
